New Delhi, 8th May 2021

Office Memorandum

Subject: Implementation of the Umbrella Scheme of Rashtriya Arogya Nidhi (RAN) and Health Minister's Discretionary Grants (HMDG) through National Health Authority (NHA)'s IT Platforms

The undersigned is directed to inform that the Union Minister of Health and Family Welfare, has given directions to launch the revamped Rashtriya Arogya Nidhi (RAN) and Health Minister's Discretionary Grant (HMDG) schemes on NHA's IT platform on 14th May, 2021. Some of the features of the revamped RAN and HMDG schemes are as follows:

- i. Structured and consolidated beneficiary database
- ii. Cashless and paperless healthcare services
- iii. Emergency case approval on day 'Zero'
- iv. Treatment cost based on standard health benefit packages
- v. Claim processing within 3-7 days
- vi. Reduced claim processing cost

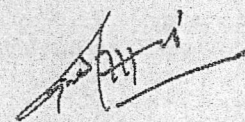

2. The process of approval of treatment in case of RAN (up to the threshold of Rs 15 lakhs) will be completely decentralized. Hospitals have been empowered to approve the treatment under RAN based on defined eligibility criteria. However, for HMDG, the final approval will be given by this Ministry. The key features of the revamped schemes are as follows:

#	Feature	RAN	HMDG
1.	Beneficiary covered for life threatening disease	- PM-JAY beneficiaries based on SECC database (for treatment not included in PM-JAY) - Antyodaya beneficiaries (From NFSA database)	NFSA beneficiaries excluding Antyodaya Anna beneficiaries
2.	Financial Assistance	Up to Rs. 15 lakhs	Up to Rs. 1.25 lakhs
3.	Approval process	IT based approval and claim process	
4.	Approval duration	7 days in regular cases & emergency cases on day zero	
5.	Documents required	- Application Form - Ration card no. / PM-JAY ID/ Eligible SECC Families - Aadhaar authentication (mandatory)	
6.	Health Benefit Packages	Standard Health Benefit Package developed for RAN; will also be applicable for HMDG	
7.	Technical Approval	Hospitals' in-house Technical committee	
8.	Financial Approval	Full financial and administrative authority to the hospital through Financial Advisor and DD-Admin/ Director	JS (MoHFW) and Hon'ble MoS (HFW)

#	Feature	RAN	HMDG
9.	Claim processing	▪ Cashless and paperless end-to-end processing of pre-authorization request and claim settlement on NHA's IT system	
10.	Payment	▪ Release of funds through payment gateway in the hospital bank account. ▪ Funds will be auto-blocked at the time of approval and subsequently funds will be transferred on completion of defined milestones under the selected treatment package.	

3. All Government hospitals eligible under RAN and HMDG shall extend their full cooperation in the successful implementation of the revamped schemes. The hospitals will need to:

- i. Ensure the availability of requisite hardware, software and allied infrastructure like internet connectivity and biometric device, required for beneficiary identification, RAN/HMDG beneficiary card printing and transactions for delivery of service. Beneficiary Identification System and Transaction Software/Application/Platform will be provided free of cost by MoHFW/NHA.
- ii. Designate a Medical Officer as Nodal Officer
- iii. Appoint or designate an official/staff as Ayushman Mitra for helpdesk; the existing Ayushman Mitra of AB PM-JAY may be assigned this task
- iv. Co-ordinate with NHA (Neha Santwani, e-mail: capbldg.cons7@nha.gov.in) for training on NHA's IT system.

Process Flow on Beneficiary Identification System

Beneficiary Identification process:

- Patient visits the OPD and the treating doctor issues the prescription regarding the treatment which contains the chosen health benefit package for the treatment of the life-threatening disease.
- The patient meets the Pradhan Mantri Arogya Mitra/Nodal person and submits the fully filled application form for RAN/HMDG.
- Post which the beneficiary is verified as eligible for availing treatment under RAN. The three scenarios of availing treatment after beneficiary verification are as follows:
 - If the patient is PM-JAY beneficiary and the health benefit package is covered under AB PM-JAY, then the patient is treated under PM-JAY
 - If the patient is a PM-JAY beneficiary but the package is not available under AB PM-JAY, then the patient is eligible for treatment under RAN/HMDG
 - If the patient is not PM-JAY beneficiary, she is eligible for treatment under
 - RAN, if found in NFSA Antyodaya database
 - HMDG, if found in NFSA database excluding Antyodaya

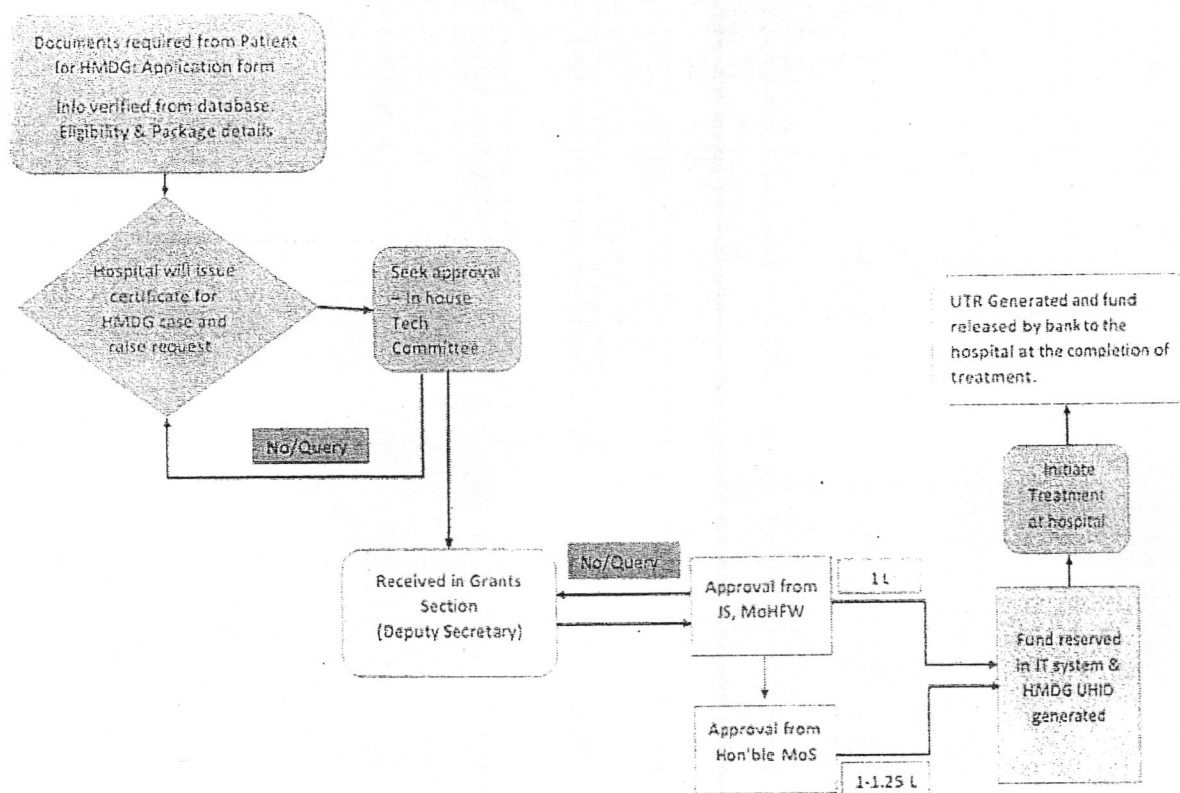

Process Flow for Treatment under RAN

Treatment process under RAN:

- After the beneficiary identification process and raising a specific package request, the identified case is sent to the inhouse technical committee members for seeking technical approval.
- If any member reject or raises a query regarding the case, then it will go back to the hospital level for submission of information regarding the query.
- If all the members approve, the case will get forwarded to MS/Director/DD (admin) for administrative approval and then to Financial Advisor for financial concurrence.
- After the financial concurrence from FA, a RAN UHID will get generated for the patient and the funds will get reserved for the case in the IT system.
- The treatment will be initiated at the hospital.
- After completion of a treatment milestone, the hospital will submit the partial claim of funds, which after getting approved by the competent authority at hospital itself, will be released in the hospital bank account through payment gateway.
- On final claim submission, the full and final tranche will be released to the hospital

Process Flow for Treatment under HMDG

Treatment process under HMDG:

- After approval of HMDG case by technical committee of the hospital, it is forwarded to the Grants section of DoHFW.
- Grants section will forward the case for administrative approval of the competent authority.
- Administrative approval will be given by:
 - Joint Secretary, MoHFW for approvals up to Rs. 1 lakh and
 - Hon'ble MoS (HFW) for approvals between Rs. 1-1.25 lakhs
- Fund will be reserved in IT system
- After treatment, hospital will submit the claim regarding treatment provided to the beneficiary.
- The fund will be released to the hospital after approval of the Grants section of MoHFW.
